

MSR

GAS ALARM SYSTEMS

PERFECT SOLUTIONS IN GAS DETECTION

MSR Electronic offers products for the optimum protection in critical situations for life and health in closed areas.

Whether for commercial or for industrial applications - for combustible or toxic gases - MSR Electronic only uses well proven, but innovative technology.

CO₂ AIR GARD

The Intelligent Air Quality Test

Stand-alone air quality monitor for homes or commercial buildings - anywhere there's air!

Even low levels of Volatile Organic Compounds (VOCs) can cause serious health effects, especially for children and those with asthma and allergies. Indoor Air Guardian - sensitive to indoor air quality that affects occupants' health, productivity and comfort.

- Plugs into any USB port
- Changes in air quality detected in seconds
- Detects VOCs quickly and reliably

Alerts you to odors and VOCs to help maintain highquality environments - for home or office - ideal for classrooms.

Download free software for displaying readings on your computer screen: www.msr-electronic.de/airgard

Air quality indicated by the LED light color:

-  = GOOD
-  = FAIR
-  = POOR
(ventilate room)
